Independent Auditor's report

To the members of Sunny Sky Projects 135

We have audited the accompanying financial statements of Sunny Sky Projects 135 (Association Incorporated under section 21), which comprise the directors' report, the statement of financial position as at 28 February 2010, the statement of comprehensive income, the statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes, as set out on pages 6 to 14.

Directors' Responsibility for the Financial Statements

The company's directors are responsible for the preparation and fair presentation of these financial statements in accordance with the South African Statement of Generally Accepted Accounting Practice for Small and Medium-sized Entities, and in the manner required by the Companies Act of South Africa, 1973. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Qualified Opinion

A major part of the company's revenue comprises of donations. There were no system of control over such donations on which we could rely for the purpose of our audit, and there were no satisfactory auditing procedures that we would perform to obtain reasonable assurance that all donations were properly recorded. Consequently, we were unable to satisfy ourselves as to the completeness and accuracy of the accounting records relating to donations received.

We did not observe the counting of physical inventories stated at R 12,655 as at 28 February 2010. Owing to the nature of the company's records, we were unable to obtain sufficient appropriate audit evidence to satisfy ourselves as to inventory quantities by other audit procedures.

Opinion

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion paragraph, the financial statements give a true and fair view of (or “present fairly, in all material respects”) the financial position of company as of 28 February 2010, and of its financial performance and its cash flows for the year then ended in accordance with the South African Statement of Generally Accepted Accounting Practice for Small and Medium-sized Entities.

Supplementary Information

We draw your attention to the fact that the supplementary information set out on page 15 does not form part of the financial statements and is presented as additional information. We have not audited this information and accordingly do not express an opinion thereon.

Directors' Responsibilities and Approval

The directors are required by the Companies Act of South Africa, 1973, to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the South African Statement of Generally Accepted Accounting Practice for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the financial statements.

The financial statements are prepared in accordance with the South African Statement of Generally Accepted Accounting Practice for Small and Medium-sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

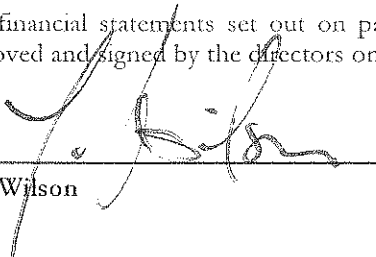

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the company and all employees are required to maintain the highest ethical standards in ensuring the company's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the company is on identifying, assessing, managing and monitoring all known forms of risk across the company. While operating risk cannot be fully eliminated, the company endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

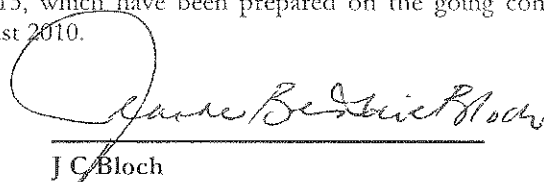

The directors have reviewed the company's cash flow forecast for the year to 28 February 2011 and, in the light of this review and the current financial position, they are satisfied that the company has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditor's is responsible for independently reviewing and reporting on the company's financial statements. The financial statements have been examined by the company's external auditor's and their report is presented on page 3.

The financial statements set out on pages 6 to 15, which have been prepared on the going concern basis, were approved and signed by the directors on 21 August 2010.

Directors' Report

The directors submit their report for the year ended 28 February 2010.

1. Incorporation

The company was incorporated in South Africa on 28 March 2006 and obtained its certificate to commence business on the same day.

2. Review of activities

Main business and operations

The company is engaged in community projects and operates principally in South Africa.

The operating results and state of affairs of the company are fully set out in the attached financial statements and do not in our opinion require any further comment.

Net profit of the company was R 73,956 (2009: loss R 7,440), after taxation of R - (2009: R -).

3. Events after the reporting period

The directors are not aware of any material matter or circumstance arising since the end of the financial year.

4. Non-current assets

There were no major changes in the nature of the non-current assets of the company.

5. Directors

The directors of the company during the year and to the date of this report are as follows:

Name
B Y Wilson
J C Bloch
M T Engelage
E J Williams
B A le Sueur

6. Secretary

The secretary of the company is J C Bloch.

7. Auditors

SDK Chartered Accountants (SA) will continue in office in accordance with section 270(2) of the Companies Act.

Accounting Policies

1. Presentation of Financial Statements

The financial statements have been prepared in accordance with the South African Statement of Generally Accepted Accounting Practice for Small and Medium-sized Entities, and the Companies Act of South Africa, 1973. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 Property, plant and equipment

Property, plant and equipment are tangible items that:

- are held for use in the production or supply of goods or services, for rental to others or for administrative purposes; and
- are expected to be used during more than one period.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

Item	Average useful life
Plant and machinery	4 years
Furniture and fixtures	6 years
Motor vehicles	4 years
Office equipment	6 years
Computer equipment	3 years

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss in the period.

1.2 Financial instruments

Financial instruments at amortised cost

Financial instruments may be designated to be measured at amortised cost less any impairment using the effective interest method. These include trade and other receivables, loans and trade and other payables. At the end of each reporting period date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If so, an impairment loss is recognised.

1.3 Inventories

Inventories are measured at the lower of cost and selling price less costs to complete and sell, on the weighted average cost basis.

Financial Statements for the year ended 28 February 2010

Accounting Policies

1.4 Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable for goods and services provided in the normal course of business, net of trade discounts and volume rebates, and value added tax.

Interest is recognised, in profit or loss, using the effective interest rate method.
